Summary

Experienced Full Stack Developer, where I contribute to building scalable, user-focused applications using Java, Node.js, and other technologies. Collaborating with cross-functional teams, I help deliver innovative solutions that align with organizational goals and improve user experience.

With a Master's degree in Computer Science from Texas Tech University and a Bachelor's in Computer Science from CVR College of Engineering, my expertise spans software development and system architecture. Motivated by solving complex problems, I aim to leverage technology to create meaningful impact while fostering collaboration and creativity.
